

Here is Something You Can Do About Nuclear Weapons

Petition: Assess the Nuclear Threat

- *Accidents*
- *Terrorism*
- *Proliferation*
- *War*

How likely are they?

The Soviet Union is gone. The nuclear weapons aren't. Some say that reducing our nuclear arsenal is too risky. But how risky is the *status quo*? The answer is – nobody knows! Congress can call for a scientific assessment. Ask them to do it. Ask them today! <http://NuclearRisk.org>
